† As reported by the Assessor. Section 305-2 of the Real Property Tax Law requires that all real property be assessed at a uniform percentage of market value. (In Nassau County and New York City the uniform percentage is not municipal-wide, but applies to property classes). Most villages are not required to report a uniform percentage.

†† If a code appears in the 'CAP Code' column, the municipality is part of a Coordinated Assessment Program.

‡ If a code appears in the 'Section 1402(3)' column, the municipality is a non-assessing village which uses the equalization rate(s) of the town(s) whose codes are shown.
